

Panel Comprised of FEMA, County Representatives To Address Resident Concerns

Hobbs, New Mexico – On Sunday, July 11, Congressman Harry Teague will host and moderate a town hall meeting at the Los Lunas Transportation Center to discuss the recently released FEMA flood maps and their impact on Valencia County. In addition to Teague, a panel of floodplain engineers and representatives from FEMA, Valencia County and Los Lunas will be in attendance to discuss issues and answer questions.

Teague organized the meeting to address confusion that has arisen as a result of updated flood maps released by FEMA that may affect insurance rates and requirements for some area residents. The panel will help to answer residents' and address any concerns.

County commissioners have until Aug. 19 to adopt the new flood map and study. The updated FEMA flood hazard area maps are available in the code enforcement office on the first floor of the county administration building at 444 Luna Ave., Los Lunas.

Area residents and interested media are encouraged to attend.

Sunday, July 11th:

WHO: Congressman Harry Teague, FEMA representatives, local government officials and floodplain engineers

WHAT: Town Hall Meeting to Discuss FEMA Flood Maps

WHERE: Los Lunas Transportation Center, 101 Court House Road, Los Lunas

WHEN: 3:30 PM – 4:30 PM
